

CADMesh::File::State

```
graph BT; A[CADMesh::File::__FinalState] --> B[CADMesh::File::State];
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a white box labeled 'CADMesh::File::\_\_FinalState'. A blue arrow points vertically upwards from this box to a gray box at the top labeled 'CADMesh::File::State'. This indicates that 'CADMesh::File::\_\_FinalState' inherits from 'CADMesh::File::State'.

CADMesh::File::\_\_FinalState
