

OMSimG4RadioactiveDecay.hh

```
graph BT; A[OMSimG4RadioactiveDecay.cc] --> B[OMSimG4RadioactiveDecay.hh]; C[OMSimPhysicsList.cc] --> B;
```

The diagram illustrates the dependencies of the header file OMSimG4RadioactiveDecay.hh. It is represented by a gray rectangular box at the top. Below it, two white rectangular boxes represent source files: OMSimG4RadioactiveDecay.cc on the left and OMSimPhysicsList.cc on the right. Two blue arrows point from the top of each source file box up to the bottom of the header file box, indicating that both source files include or depend on the header file.
