

abcDetectorComponent

```
classDiagram
    class abcDetectorComponent
    class mDOMFlasher
    mDOMFlasher --|> abcDetectorComponent
```

A UML class diagram showing an inheritance relationship. The class 'abcDetectorComponent' is at the top, represented by a white rectangle with a black border. The class 'mDOMFlasher' is at the bottom, represented by a gray rectangle with a black border. A blue arrow points from the top of 'mDOMFlasher' to the bottom of 'abcDetectorComponent', indicating that 'mDOMFlasher' inherits from 'abcDetectorComponent'.

mDOMFlasher
