

OMSimEventAction.cc

```
graph TD; A[OMSimEventAction.cc] --> B[OMSimEventAction.hh]; A --> C[G4RunManager.hh];
```

The diagram illustrates the dependencies of the OMSimEventAction.cc source file. It is shown as a grey rectangular box at the top. Two blue arrows originate from the bottom of this box and point downwards to two white rectangular boxes. The left box contains the text 'OMSimEventAction.hh' and the right box contains 'G4RunManager.hh'. This indicates that the source file requires both header files to be compiled.

OMSimEventAction.hh

G4RunManager.hh
