

OMSimEventAction.cc

```
graph TD; A[OMSimEventAction.cc] --> B[OMSimEventAction.hh]; A --> C[G4RunManager.hh];
```

The diagram illustrates the dependencies of the OMSimEventAction.cc source file. It is shown as a grey rectangular box at the top. Two blue arrows originate from the bottom of this box and point downwards to two separate white rectangular boxes. The left box contains the text 'OMSimEventAction.hh' and the right box contains 'G4RunManager.hh'. This visualizes that the .cc file requires both header files to be compiled.

OMSimEventAction.hh

G4RunManager.hh
