

OMSimSteppingAction.hh

```
graph BT; A[OMSimSteppingAction.cc] --> C[OMSimSteppingAction.hh]; B[OMSim_effective_area.cc] --> C;
```

The diagram illustrates a header file dependency. At the top is a grey rectangular box labeled 'OMSimSteppingAction.hh'. Below it are two white rectangular boxes: 'OMSimSteppingAction.cc' on the left and 'OMSim\_effective\_area.cc' on the right. Two blue arrows point from the top-right corner of the left box and the top-left corner of the right box towards the bottom edge of the top box, indicating that both source files include or depend on the header file.

OMSimSteppingAction.cc

OMSim\_effective\_area.cc
